Day 2 — memory chat, tools, combo agent, and Q Branch

 Memory chat  Tools  Combo agent  **Special Agent**

Special Agent — Q Branch

Super-secret spy **codename generator**: name + birthdate + favorite color → a deterministic CLASSIFIED callsign. Same dossier always gets the same codename.

Direct forge below (no LLM). Or chat with Q — the Special Agent must call `SpyCodenameGenerator` rather than inventing names.

Operative name

Stephen McKitrick

Birthdate

1985/07/21

Favorite color

blue

Or type a custom color (optional)

leaves selectbox if empty

Assign secret codename

CLASSIFIED (EYES ONLY)

Operative: Stephen McKitrick

Codename: COBALT COBRA-21

Callsign: SM-85

Dossier: born 1985-07-21, color preference 'blue', surname fragment 'MCK' / given
(Same inputs always produce this codename – Q Branch guarantee.)

Brief Q (agent + tool + memory)

Special Agent thread ID

special-agent

Clear Special Agent chat UI

Rebuild Special + Combo agents

Message Q

Assign me a spy codename. My name is Jane Doe, born 1990-03-15, favorite color is emerald green.

Send to Q Branch
